ANC 3C Resolution 2014-042

Regarding HPRB Application for Concept Review at 3220 Connecticut Avenue, NW

WHEREAS, the Parkway apartment building located at 3220 Connecticut Avenue, NW is a contributing building in the Cleveland Park Historic District; and

WHEREAS, the owners have filed an application for concept review with the DC Historic Preservation Review Board to make alterations to the exterior of the building; and

WHEREAS, the proposal includes new window and door openings at the basement level facing into an interior courtyard that will provide more interior light and access to the courtyard; new stair railings on the north and south sides of the building that would replace iron pipe-style railings; and replacement front entrance doors that would be more historically compatible than the existing non-original doors; and refurbishment of the existing canopy:

BE IT RESOLVED that ANC 3C has no objection to the proposed changes to the basement level facing the courtyard, the stair railings, or the front door replacements; and

BE IT RESOLVED that ANC 3C urges the retention of the existing front enclosure light fixtures but has no objection to upgrading the lighting under the canopy, which should be restored; and

BE IT RESOLVED that ANC 3C authorizes the Chair and the Commissioner for SMD 3C09 to represent the commission on this matter.
